Who we are

Please insert a brief synopsis of who you are and what at you do. No more than two/three lines.

MultiChoice Group (MCG), is one of the fastest-growing video entertainment providers globally, delivering entertainment products and services to 19,5m households across 50 countries on the African continent. As pioneers in African video entertainment, MCG plays an important role in making information and entertainment easily accessible to Africans. The group's platforms include DStv, GOtv, Showmax, M-Net and SuperSport.

Our contribution in supporting Woza Matrics

MultiChoice Group will be making Woza Matrics content available on its DStv platform

Why we support Woza Matrics

COVID-19 has been extremely disruptive on all of our lives including matriculants, and we believe it's imperative that they receive all the assistance they can to ensure minimal impact in what is a critical academic year for them.

Quote

"We are grateful and privileged to have been invited to contribute to what is a pivotal cause. The disruption to all of our lives as a result of COVID-19 is still yet to be fully realized, but our responsibility and commitment must be to ensure that we minimise the impact on our youth, through empowering them through knowledge and skills," says MultiChoice Group CEO for General Entertainment and Connected Video, Yolisa Phahle.
