

## **PARTNER PROFILE**

Please add your company logo (high res) – please see Satrix logo attached.

### **Who we are**

Satrix is the largest index-tracking business in South Africa. We offer low-cost investment products, with no minimum investment amount. This enables all South Africans to invest in the stock market. We are proud that Satrix has been awarded “The People’s Choice” award for three years running.

### **Our contribution in supporting Woza Matrics**

Satrix is contributing a cash amount of R600 000 in support of [PILO's work on](#) Woza Matrics.

### **Why we support Woza Matrics**

2020 is the 20<sup>th</sup> anniversary year of Satrix. It was always a key focus for us to “pay it forward” this year, acknowledging the support we received from many South African investors over the years.

However, as the 2020 year unfolded, urgent need arose in many new spaces, of which the education of our children is one. The Woza Matrics initiative is an opportune and timeous way for us to make an impactful difference in the remainder of 2020.

## Quote

Helena Conradie, CEO Satrix: “This pandemic has affected the world in so many ways. One of these is education, and the future of our children. Matric is the most important year of their school career and Satrix had no hesitation in supporting them in this final stretch of 2020, through this amazing Woza Matrics initiative.”
